

Port Byron Alumni Association Student Award 2022

Each year the Port Byron Alumni Association has made available and given out financial awards to selected graduating seniors. In 2021, Alumni Awards of six hundred dollars were given to four graduating seniors. This year, 2022, we have increased the award to eight hundred dollars and six graduating seniors. We hope to continue this annually. The money comes from donations given by Alumni of the Port Byron Central School District, some of whom date back to classes of the 1930's. The Alumni members feel these awards are an investment in all of our futures. A senior applicant does not have to be advancing to college, they may be directly entering the work force, entering the military, or starting their own business. This award may make it easier for a student to pursue their future goals.

HOW TO APPLY- Please follow all instructions carefully.

Your name should appear on the cover sheet ONLY. (this page is the cover sheet to be stapled to your narrative). Nothing should reveal who you are in the narrative portion, as these are read by Alumni and rated according to the Alumni Association's matrix. Please submit a narrative, approximately one to two pages in length, that explains the applicant's aspirations, future work and career goals after high school. If it is to directly enter the work force, explain what occupation you would like to have, why, and how you plan to achieve it. If going on to higher education, tell us where, what program and career you are pursuing, and why you have chosen this profession. If you've chosen a military path, again, tell us what branch, why you chose it, and what you hope to achieve.

Due Date: April 1st (Friday) by 2:00 p.m. or any time before. Return application to the High School Office. No late applications will be accepted.
